Description

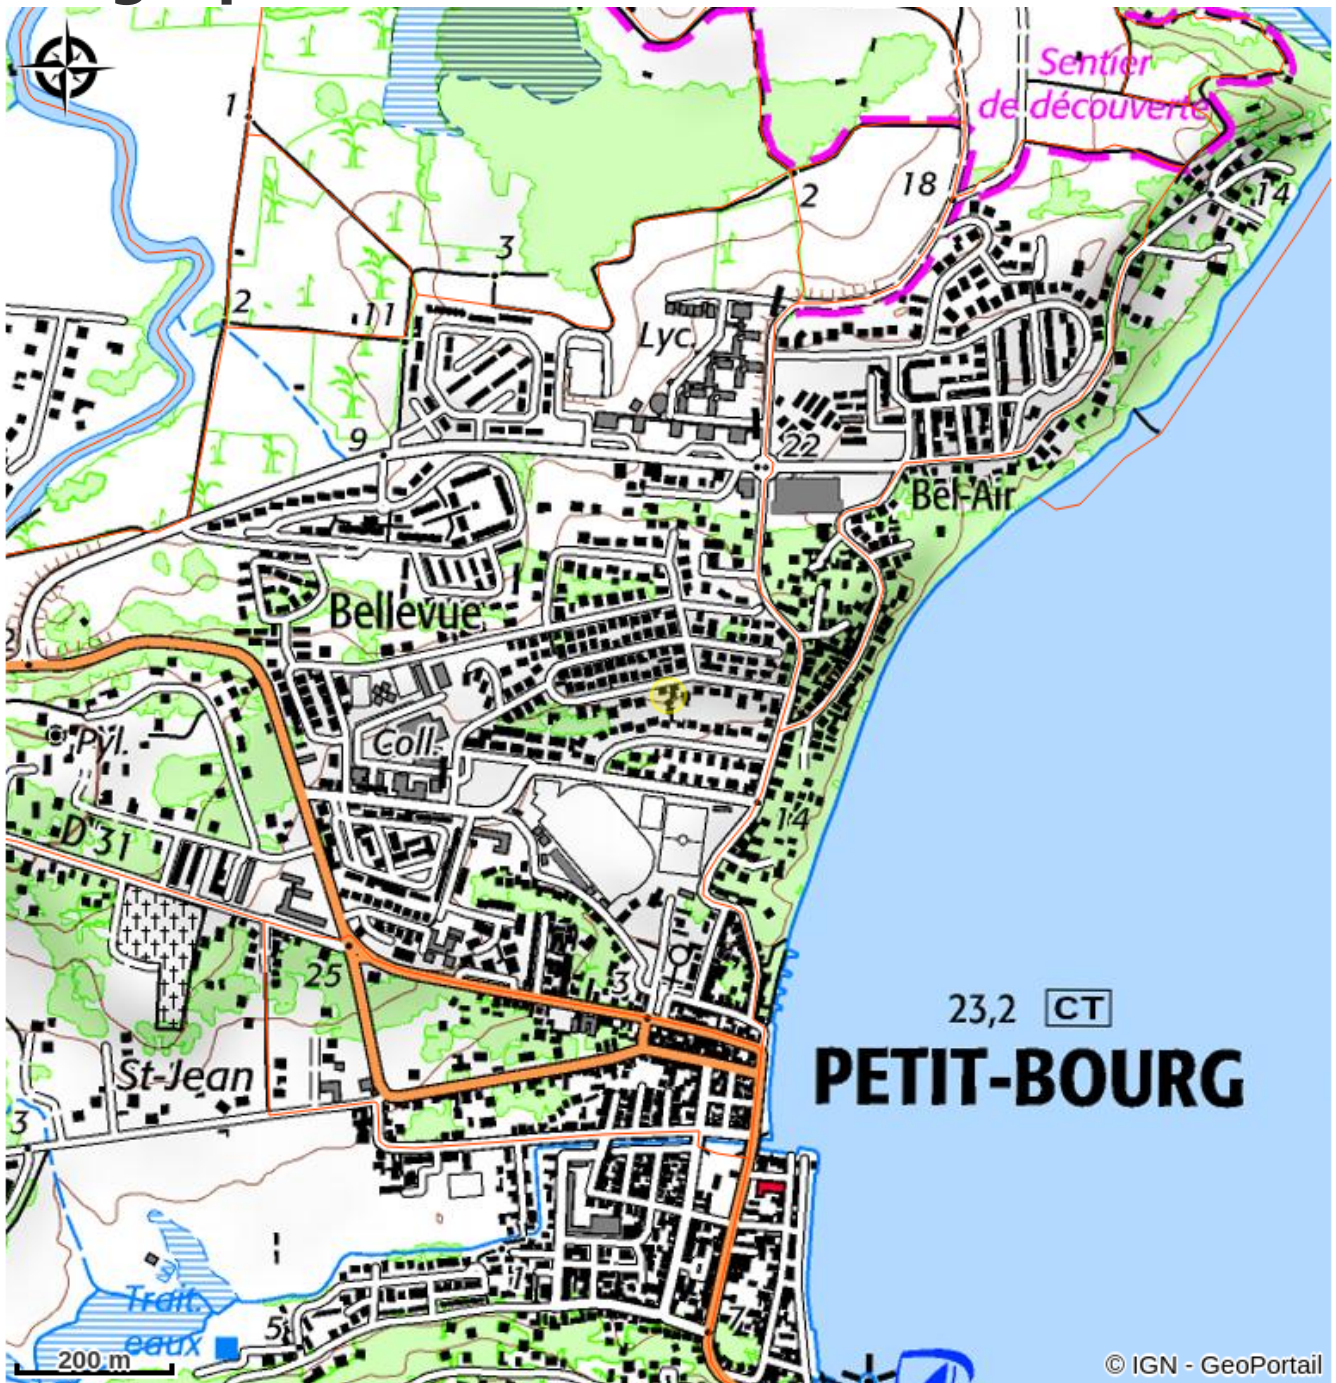

Mireille and Jean-Richard welcome guests to their gîtes in a relaxing, leafy garden, right at the heart of the island and in the municipality of Petit-Bourg. Sea view towards Marie-Galante island and a view over the Basse-Terre chain and the Soufrière. From this ideal location, you can visit Basse-Terre and enjoy walks in the National Park, swims in the river, and diving in Malendure and Grande-Terre with its white sandy beaches, lagoons and coconut trees !

We are big fans of nature and can recommend some of the many great things to see in the island.

We serve "TABLE D'HÔTE" meals, with a chance to taste our Creole dishes, punch and home-made jam.

We have been awarded the ["Green Key" label](#), helping us to go further and share the ideas inspiring us.
