

"Willisa River" Villas

Basse-Terre Sud

Attribution : (Willisa River)

2 high-quality, comfortable villas, at the heart of a 2500m² exotic garden, in an atmosphere fostering the Creole lifestyle. Located in Bouillante, a step or two away from Malendure beach and the îlets Pigeon.

Useful information

Category : Ecotourism accommodation

Type : Clef Verte

Description

The site stands out through the quality of the accommodation, the natural setting and high standards.

Prices adapted to the periods of low, shoulder and high season, and the number of guests with the aim of offering "the right price".

Tastefully decorated villas for a pleasant stay, comfortably nestling in a 2500m² garden enhanced by rare palm trees and with a wide-open view.

A personal welcome for your arrival with tips on protecting the environment.

Discreet presence of the owners, always on hand for their guests.

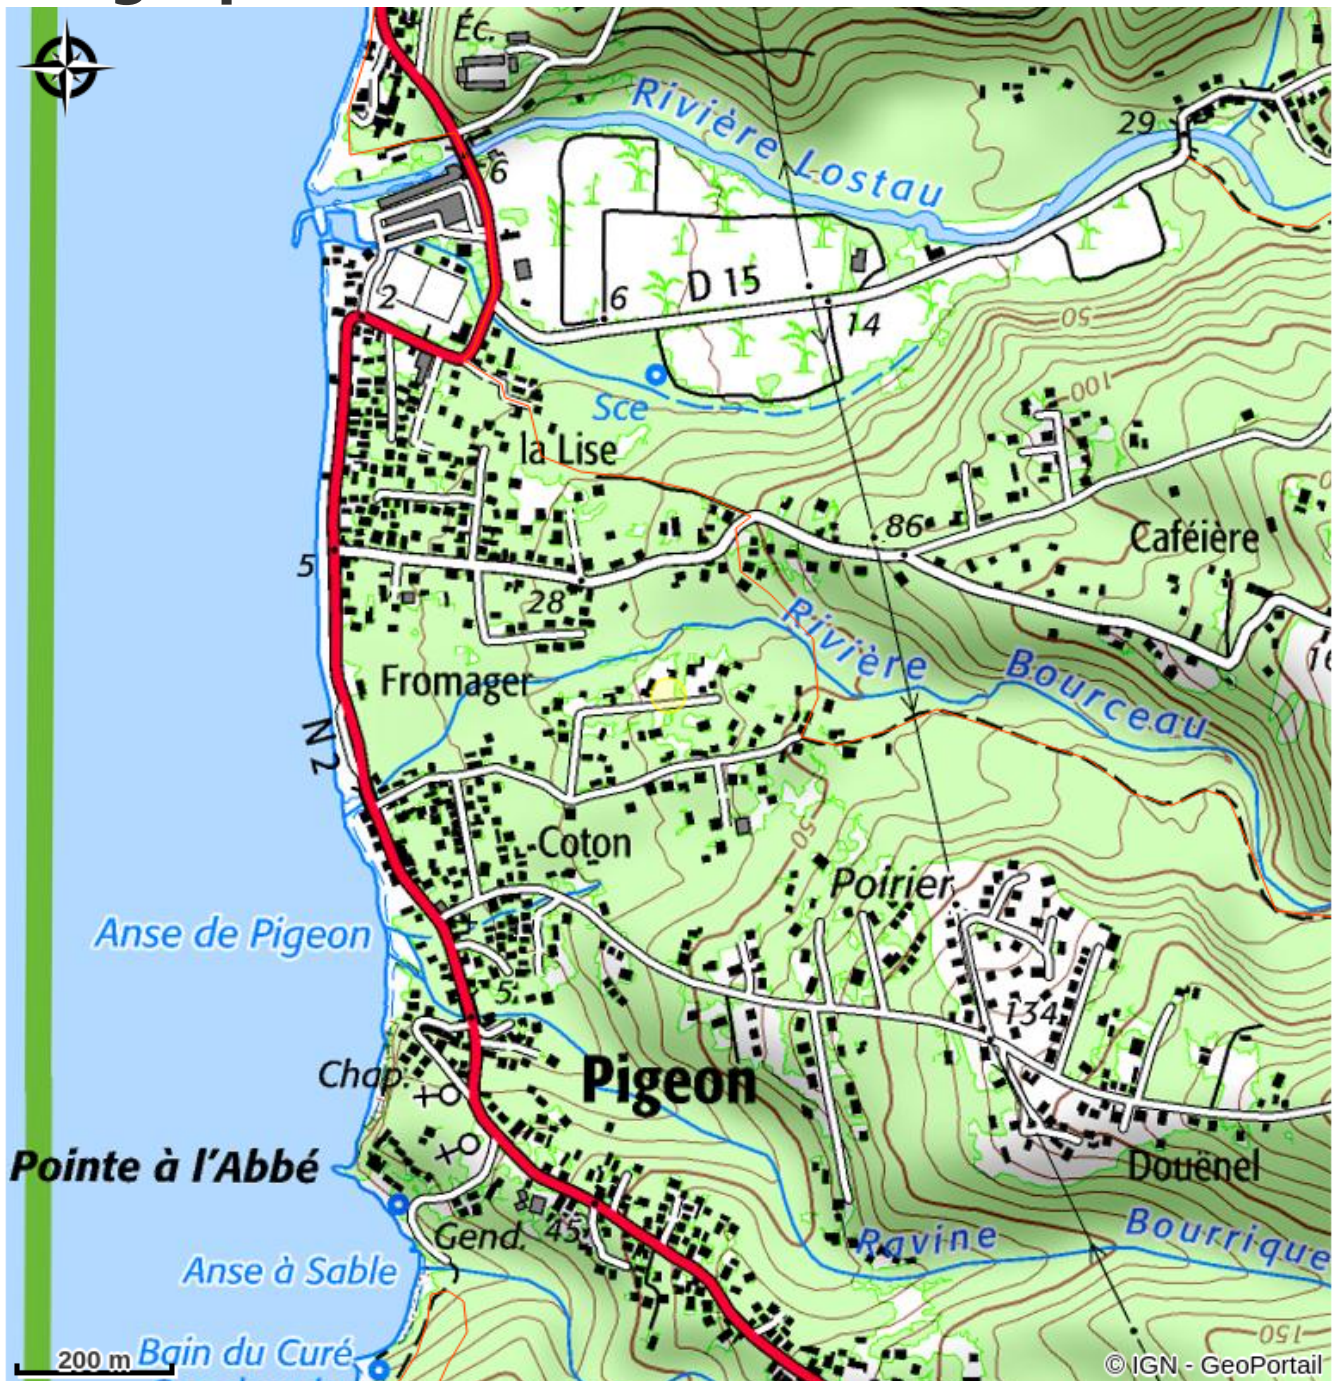

A wide range of water sports and hiking trails in the forest nearby. Ilets Pigeon and Malendure beach 2 km away.

Environmental assets :

All the WILLISA RIVER team are committed to an environmental approach. to organise and sustain their approach, the team's work is based on ["The Green Key"](#) reference document to make an active contribution:

- to saving energy and water,
- reducing waste,
- improving the local environment.
